Product codes:

Reference: BG10001
EAN13: -
UPC: - MPN: -

Product short description:

When added to bilge water, will remove grease, scum and floating oil with the normal movement of the boat

– Biodegradable
– Will get rid of sickening smells
– Bilgex is highly concentrated – very little does a lot of work
– Non-caustic and harmless to paintwork and fittings when diluted
– At home a little Bilgex in cleaning water will remove oil and grease from paintwork and traffic film from cars
– 100ml of product added to 25 litres of water is enough for the bilge of a 30ft Yacht

This is a replacement for Cuprinol Bilgex which is no longer available.
